

We are pleased to share a free resource that may be of interest to you! Bennington College is a member of the [Plus One Network](#), a network for spouses/partners affiliated with educational institutions throughout the region.

As part of our commitment to supporting the needs of dual-career couples, your spouse/partner can access the Plus One Network's online community platform to:

- **Identify opportunities** for in-person and remote professional positions, volunteer roles, and research collaborations.
- **Promote their qualifications.** Spouses/partners can post their resume/CV and add more details about their experience and background.
- **Build career skills.** Spouses/Partners are invited to participate in webinars, workshops, and speakers on careers, identity, and other related topics.
- **Connect with other dual-career couples.** Private groups are formed around common identities and affiliations.
- **Find relocation tools.** The platform includes a growing bank of resources for couples moving to a new campus or community.

We invite you and your spouse/partner to explore the Plus One Network by visiting www.fivecolleges.edu/plus-one-network today at no cost to you. We trust it will open up opportunities.

Launched in 2022, the Plus One Network is a program of the Five College Consortium (Amherst, Hampshire, Mount Holyoke, and Smith Colleges, and the University of Massachusetts Amherst), run in partnership with Williams College.

If you have questions about Bennington College's membership in the Plus One Network, please contact [Human Resources](#).
